Our tuition rates are subject to minimal annual increases to cover increased operating costs.

Beginning with the 2018-2019 school year, students in the toddler program will be expected to attend 4 or 5 days and students in the primary program will be expected to attend 5 days, no exceptions. Waiting list position will be based on both date of application submission and attendance, with priority given to full time students. The former rates for less than 5 days are published for the benefit of our families grandfathered under the prior policy who were originally enrolled for 4 days.
